

## TAA-Compliant Products

Our Keilton+autani product line includes a diverse range of Trade Agreements Act (TAA) compliant products, designed to meet stringent U.S. government procurement standards. TAA compliance ensures that our products are manufactured or substantially transformed in the U.S. or designated trade partner countries, guaranteeing quality, reliability, and adherence to fair trade practices.

Explore our offering below for solutions that meet regulatory requirements while enhancing the value of your projects.

**CR02-W.A0  
USB Accessory**  
Long-Range Real Time  
Clock USB Dongle

**CR05.A0  
Bluetooth  
Interface**  
Bluetooth Interface for  
integrating Keilton+autani  
systems with Energy-  
Center by Autani

**EFS104.B1  
High Bay Sensor**  
External Line Voltage  
High Bay Sensor  
(5.0 BLE)

**EFS106-AUX-W.B2  
High Bay Long-  
Range Sensor**  
Plug and Play High Bay  
Sensors with Long-  
Range Antenna for  
Outdoor

**EFS106-AUX.B1  
High Bay Sensor**  
Plug and Play  
High Bay Sensor

**EFS107E.A0  
Eco Sensor**  
12V Dual-Tech Ceiling  
Eco Sensor

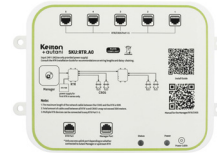

**IFS105SE.B1  
Integrated Sensor**  
Integrated Round  
12V Sensor

**PPA104S.B1  
Zone Controller**  
Line Voltage 20A  
Bluetooth Zone  
Controller

**PPA109S.B1  
Emergency  
Lighting Controller**  
UL924 Emergency  
Lighting Controller

**RTR  
Router Interface**  
Connection router for  
CR05 devices

**WP1018.A0  
Wall Switch**  
8-Key Battery-Powered  
Bluetooth Wall Switch
